

Lab 9 (Extra Credit)

1. Do the tutorial for chapter 15.
2. Complete questions 1 - 7 on page 555. Where there is no map that is the answer, please provide a brief explanation of how you arrived at the answer.
3. Use the data from the book (or that you have gathered yourself) in some small creative use of Spatial Analyst. The more creative/useful/interesting, the better!
